INDIAN LAKE LODGE

There's a feeling you get at Indian Lake that's unlike anything you've ever experienced. It's hard to explain because there's so much to do you won't know what to do first. Or you can do nothing. You might lounge in your room. Or you might enjoy a lazy cocktail in the Lodge, count knotholes in the native oak bar, or study the barn siding around the spacious dining room, and be at peace with the world. It's that relaxing.

When you want activity, start the day with a brisk game of tennis, then to the Lodge for a tingling dip in the indoor pool, or tee off for a round of golf on the picturesque 9-hole course overlooking the lake.

In summer there's boating, water skiing, fishing, trap and skeet shooting and horseback riding. In winter there's day and night skiing. If, with all this, you can't make up your mind, take an airplane tour from our airport and look things over from the air. It might help you decide.
